

SERVIZIO CORSE TRIATHLON

DEVELOPED AND TESTED

Castelli is dedicated to making the fastest clothing in the world.

We know that race results come through relentless attention to the smallest of details.

So we approach every garment questioning how we can make it faster.

We do the basic research, then we test the concepts internally, then we test them with professional athletes and in the wind tunnel.

Right from the start of our triathlon activities we partnered with professional athletes. Together with them we are continuously improving and innovating our triathlon range to make sure that our athletes have the best and fastest equipment for their races.

With Castelli Servizio Corse you can have the exact same pieces as the professional athletes.

Not less—expensive replicas, but the exact same pieces made using the same fabrics, and components, with the same fit and finish, by the same people who produce the pieces you see on the pros racing around the world.

FOR OLYMPIC TO IRONMAN DISTANCES

We made this suit to be compliant with ITU rules but with the fabrics, aerodynamics and cargo-carrying capacity to be ideal for 70.3 races, and even to win the odd Ironman World Championships, like Fred Van Lierde did in this suit in 2013. It has the fabrics, the pockets and the KISS Tri seat pad of our Free long-distance race suits to offer exceptional performance in a wide variety of races.

TRIATHLON DISCIPLINES 🐉

A-Vent 70g 100% polyester microfiber fabric Open-mesh knit for excellent ventilation UPF 15 rating blocks 93% of UV rays Looser fit for airflow between top and skin Self-fabric collar

MADE FOR ALI'I DRIVE

This product comes into the Castelli lineup as a direct request from Timothy O'Donnell when he wanted to do better than his fifth place Kona finish. The objective is clear: keep cool and comfortable during the run. We took our insanely light and ventilated A-Vent fabric and gave it a loosish cut to allow maximum airflow between the top and the body. The top weighs next to nothing but covers a wide range of conditions: the fabric is excellent at keeping you dry when you want it too but really shines when you need cooling and can pour water over it at the aid stations.

SIZES: S-XL

SURPRISINGLY USEFUL

We can officially only rate these warmers at UPF 50+, but in our laboratory tests they actually blocked 99.8 percent of damaging UV rays. We used a polyester base that is not only more effective than nylon at blocking UV rays but is also much better at keeping you dry, which means these skins are better in both cooler and warmer conditions. We've kept the construction very clean to eliminate seams that can rub, and we used our double-sided silicone elastic to make sure they stay in place. They fold up extremely small, so they're great to stick in your pockets for your next big mountain day.

52 HOW IT WORKS

CONTACT

To request information, please contact Castelli Servizio Corse by e-mail: please contact the Castelli Office in your country (www.castelli-cycling.com), or send your request to Castelli Servizio Corse, castelli.team@mvc46.eu or visit us at www.serviziocorse.com

0 4. FIT KIT REQUEST

so that you can see samples of all the pieces and check sizes, fit, and materials.

02. GET A QUOTE

To request a quote, download and fill out the order form from serviziocorse.com with the styles we offer. Indicate quantities needed per style and submit via e-mail. Size breakdowns are helpful, but unnecessary for a quote. You will receive the requested quote shortly.

0 5. FINAL ORDER SUBMISSION

We will put you in contact with our representatives in your area Submit your final order and you will be provided with a PDF copy to approve. This is your last opportunity to make revisions review of the quote in order to begin the graphic design. or correct errors.

03. DESIGN

Completed designs prepared on Castelli templates need to be submitted with your quote request. For every logo not supplied in vector-graphic format, a small fee will be incurred. Vector formats include: .ai, .eps, and .pdf (open).

After submitting your design and quote, you will receive shortly an electronic art file of your final design. A full-size color proof printed on fabric can be ordered for an additional fee.

06.

DEPOSIT

Deposit equal to 30% of the total order will be requested after

07. **PRODUCTION**

been received production will begin. No additional changes can the minimum is 10 pieces per item. be made at this time. Completion time is 8 weeks from the day approvals are received.

08.

PRODUCTION MINIMUMS

Once approvals for art, color and units, and deposit money have The production minimum for any item is 10 pieces. For reorders,

FABRICS AND PAD

SPEEDFREAK

This ventilated and light weight fabric is ideal for the front of keep you as cool as possible on the run. The micro mesh front allows ample air flow and has just the right stretch to keep you for long. We like the way it cools the body if you pour water comfortable.

A-VENT

We chose this fabric because its semi open knit structure over it, yet otherwise is very good at staying dry.

PROSECCO STRADA

Prosecco Strada is a major step forward in classic jersey fabric. our Free tri suits to maximize aerodynamics on the bike and to allows the air to flow through and cool your body. It's extremely lts controlled stretch allows designers to engineer a perfect fit. light weight, and with 100% polyester yarns it doesn't stay wet Prosecco hydrophylic treatment helps keep you dryer and more comfortable than ever before.

VELOCITY FABRIC

Silky and soft, Velocity fabric provides maximum comfort the entire race. Lightweight polyester fits like a second skin for maximum aerodynamics and dries almost instantly.

VELOCITY MESH

The 3D weave reduces contact area with your skin to provide excellent wicking. Used in key areas to improve boundary layer

INSTADRY SPEED FABRIC

Gives you just enough compression to support muscles but never constricts movement. Doesn't absorb moisture so it stays light in the water.

Multi-density KISS TRI-pad foam is optimized for aerobar position on the bike, and practically disappears during the swim

01. SEAMLESS SKIN CARE LAYER

A super soft, brushed microfiber top that maximizes comfort and fit. Seamlessly engineered to eliminate chafing and abrasion. Flexible to move with you. Bacteriostatic treatment to avoid saddle sores and infection.

0 2. MULTIDENSITY F O A M

Specifically designed for the triathlete. Minimum bulk doesn't get in the way during the swim and run legs. Extra fast drying foam prevents chafing on the bike.
