DEVELOPED AND TESTED WITH THE PROS

Castelli is dedicated to making the fastest clothing in the world. We know that race results come through relentless attention to the smallest of details. So we approach every garment questioning how we can make it faster.

We do the basic research, then we test the concepts internally, then we test them with professional athletes and in the wind tunnel.

Right from the start of our triathlon activities we partnered with professional athletes. Together with them we are continuously improving and innovating our triathlon range to make sure that our athletes have the best and fastest equipment for their races.

AVAILABLE FOR YOUR TEAM

With Castelli Servizio Corse you can have the exact same pieces as the professional athletes. Not less—expensive replicas, but the exact same pieces made using the same fabrics, and components, with the same fit and finish, by the same people who produce the pieces you see on the pros racing around the world.

WHAT IT IS /PRODUCT FEATURES

The fastest long-distance race suit Castelli has ever made. The sleeve texture saves minutes on the bike leg, while the overall suit excels in both speed and comfort.

- Pro-level long-distance race suit to deliver real aero benefits on the bike while providing comfort and cooling on the run
- 50-denier upper-body fabric is the thinnest, smoothest fabric for light weight and maximum aerodynamics
- Active cooling for the run with moisture evaporating directly next to the skin
- Silicone speed ribs on the sleeves induce turbulence to reduce drag on one of the most exposed parts of the body
- Elbow-length sleeves and knee-length legs for maximum aerodynamics
- Support short portion to keep everything in place on the run
- 2 rear pockets for ample nutrition storage
- KISS Tri pad

SET A NEW PERSONAL BEST

This suit uses everything we know to make your next long-distance race your fastest ever. It was born from our aero research project at the Norwegian Technical University at Trondheim. Besides having a couple of brilliant professors and PhD students to come up with ideas and do the basic research, they have a couple of wind tunnels, rapid prototyping capabilities, CFD analysis and a true desire to make fast stuff.

We've been working on aero technologies specifically relating to fabrics, construction and boundary-layer textures to make you cut through the wind. Due to the silicone ribs in the arms, this suit would be illegal in cycling but it's super fast for tri. The main body fabric is an impossibly light 50 denier — usually in sports clothing 40 denier is considered ultrafine. The legs and sleeves are long for aerodynamics, while the light fabrics are great for dealing with heat since they're thin enough to not get weighed down, yet the 8% Lycra® content holds a bit of moisture next to your skin for rapid cooling. The insane stretch allows us to make something that truly fits like a second skin on the bike but that doesn't restrict in any way on the swim or run.

Our KISS Tri pad offers some welcome padding while you're on the bike but is thin enough to not bother you on the run. This suit delivers real time savings on the bike leg while providing cooling and comfort on the run, but it was made with the expectation of being worn under a swimskin or wetsuit for the swim. It's optimized for high speeds — top age groupers or pro athletes, or anyone looking to set a new PR.

SIZES	WEIGHT	KISS ^{TRI}
XXS-3XL	245 g (M)	

TRIATHLON DISCIPLINES

WHAT IT IS /PRODUCT FEATURES

Not just an update. Revolutionizing our iconic Free Sanremo Suit.

- A true evolution of our best-selling suit
- CFD-based fabric placement and seam construction
- Engineered ribbed fabric on sleeves and shoulders to reduce drag at race speeds, with significant savings in CdA
- Internal neck pocket for ice to keep body temperature down in hottest conditions
- Bonded sleeve endings for comfort
- Lightweight body fabric for optimal cooling, breathability, and comfort
- 2 rear pockets lie flat and prevent nutrition from bouncing around
- Castelli's Sanremo front opening makes it easier to bend for cycling and straighten out for the run and swim, while also allowing for easier nature breaks or opening up for extra-hot runs
- Leg portion in aero-optimized Forza2 Stretch fabric for maximum comfort and aerodynamic advantage
- Silicone leg grippers to keep the leg endings in place
- KISS Tri seat pad that provides comfort on the bike and that you almost don't feel during the run

A TRUE EVOLUTION OF OUR BEST-SELLING SUIT

Not just an update. Revolutionizing our iconic Free Sanremo Suit. When we introduced the first short-sleeve triathlon suit with a full zip for summer 2014, Castelli was a pioneer in the sport, changing the way triathletes dress and race. These days, hardly anyone races with anything other than a short-sleeve suit. Over the last decade, our iconic Sanremo has seen numerous modifications in fit, performance, and speed. We dare say that the latest version will once again set standards. In a sport where aerodynamics is key and every detail is optimized, you don't want to leave anything to chance on race day.

The magic of the Free Sanremo 3 unfolds with the complete redesign of the sleeve and shoulder area. Hours of CFD analysis and testing in the wind tunnel revealed groundbreaking aero improvements specifically due to the engineered ribbed fabric on the sleeves and shoulders. The Forza2 Stretch fabric features a sophisticated debossed structure that has a positive impact on the airflow around the legs.

But we don't stop at aerodynamics. The new suit also supports you on the hottest of race days. Lightweight and breathable fabrics on the main body and an integrated ice pocket on the neck for ice cubes come in handy when you're facing Ali'i Drive in October, or any other race in the heat. Sanremo means the suit opens completely in the front for added ventilation on the run and easier nature breaks. The two back pockets hold plenty of nutrition. The Free Sanremo is like riding on a wave of success.

SIZES	WEIGHT	TRIATHLON DISCIPLINES
XXS-3XL	87 g (M)	  

WHAT IT IS /PRODUCT FEATURES

Traditional sleeveless triathlon top for training and racing.

- Freedom of movement and comfort in a traditional sleeveless top
- CFD-based fabric placement and seam construction
- Lightweight body fabric for optimal cooling, breathability, and comfort
- 2 rear pockets lie flat and prevent nutrition from bouncing around
- YKK® Camlock® zipper
- GIRO3 flat gripper elastic lies flat on lower back
- SnapLock fastener at lower back to clip to shorts, to prevent riding up during swim or bike leg

TRADITIONAL SLEEVELESS TRIATHLON TOP
FOR TRAINING AND RACING.

There are still situations in which a traditional sleeveless top can make a lot of sense. It can be more comfortable on the run and feel cooler with better freedom of movement. Most runners compete in (sleeveless) singlets for a reason.

The top has two generous pockets for whatever you need to carry. It has SnapLock fasteners that clip onto Castelli shorts to prevent the top from riding up during the swim and to keep coverage of the lower back on the bike — then you unclip for added comfort during the run. The YKK® zipper makes adjusting the ventilation easier than ever.

Coming back to the run (and swim), we've taken extra care around the arm-hole to make it lie flat for speed yet remain soft to prevent chafing.

ROSSO CORSA

FREE TRI 3 SHORT
4300688

SIZES	WEIGHT	KISS ^{TRI}
XXS-3XL	129 g (M)	

TRIATHLON DISCIPLINES

WHAT IT IS /PRODUCT FEATURES

A tri race short that's so comfortable you'll train in it. Clips to the Castelli Free race top for all the advantages of a one-piece suit.

- Aero-optimized Forza2 Stretch fabric for maximum comfort
- Updated Free construction for great anatomic fit and all-around graphic options
- KISS Tri seat pad is comfortable on the bike and virtually disappears on the run
- SnapLock fastener at waist to clip jersey into place for swim and bike
- Flat-lock stitching
- Raw cut leg endings with integrated Silicone leg grippers for more comfort

THE ULTIMATE TRAINING AND RACING SHORT

The new Free Tri 3 Short is made from lightweight, breathable fabrics for optimal performance. It features comfortable raw cut leg endings and excellent printing options for custom designs. Designed for endurance, it provides flexibility and support throughout the race.

The SnapLock closure clips to your Castelli top to keep it from riding up. On the run, the short basically disappears. The KISS Tri seat pad is thin enough you don't really notice it. This short is so comfortable you'll be using it for training rides as well as racing.

WHAT IT IS /PRODUCT FEATURES

Top short-sleeve suit for your first triathlon experience or budget-minded athletes.

- Top short-sleeve suit for your first triathlon experience or budget-minded athletes
- Elbow-length sleeves with raw-cut edges for maximum comfort and aerodynamics
- 3/4-length YKK® front zip
- 2 rear pockets lie flat in the swim but allow generous room for nutrition
- GIRO4 flat leg grippers on longer legs for maximum aerodynamics
- KISS Tri seat pad that provides comfort on the bike and that you almost don't feel during the run

TOP SHORT-SLEEVE SUIT FOR YOUR FIRST TRIATHLON EXPERIENCE OR BUDGET-MINDED ATHLETES.

A suit that has everything you need on race day, in a more economical package. Just like for our top models, we also use a short-sleeve construction, because newcomers or budget-conscious athletes do not want to miss out on aerodynamic advantages and a professional look. We have directly adopted the construction of the two back pockets and the KISS Tri seat pad from our top-of-the line models.

With excellent stretch and a forgiving fit, the Core suit is your go-to solution for training and racing at all distances.

HOW IT WORKS

01. CONTACT

To request information, please contact Castelli Servizio Corse by e-mail: please contact the Castelli Office in your country (www.castelli-cycling.com), or send your request to Castelli Servizio Corse, castelli.team@mvc46.eu or visit us at www.castelli-cycling.com

To request a quote, download and fill out the order form from serviziocorse.com with the styles we offer. Indicate quantities needed per style and submit via e-mail. Size breakdowns are helpful, but unnecessary for a quote. You will receive the requested quote shortly.

04. FINAL ORDER SUBMISSION

Submit your final order and you will be provided with a PDF copy to approve. This is your last opportunity to make revisions or correct errors.

02. DESIGN

Completed designs prepared on Castelli templates need to be submitted with your quote request. For every logo not supplied in vector-graphic format, a small fee will be incurred. Vector formats include: .ai, .eps, and .pdf (open).

After submitting your design and quote, you will receive shortly an electronic art file of your final design. A full-size color proof printed on fabric can be ordered for an additional fee.

05. PRODUCTION

Once approvals for art, color and units, and deposit money have been received production will begin. No additional changes can be made at this time. Completion time is 8 weeks from the day approvals are received.

03. CONTACT

We will put you in contact with our representatives in your area so that you can see samples of all the pieces and check sizes, fit, and materials.

KISS^{TRI}

Multi-density KISS TRI-pad foam is optimized for aerobar position on the bike, and practically disappears during the swim and run.

01. SEAMLESS SKIN CARE LAYER

A super soft, brushed microfiber top that maximizes comfort and fit. Seamlessly engineered to eliminate chafing and abrasion. Flexible to move with you. Bacteriostatic treatment to avoid saddle sores and infection.

02. MULTI DENSITY FOAM

Specifically designed for the triathlete. Minimum bulk doesn't get in the way during the swim and run legs. Extra fast drying foam prevents chafing on the bike.
