## #SHINEFORSAFETY BECOMES IDENTITY.

In 2025, Soudal Quick-Step introduced the one-off #ShineForSafety jersey at Liège–Bastogne–Liège — a striking statement of visibility and awareness on the road. Following the campaign’s powerful impact, the concept has evolved from a single race initiative into a defining part of the team’s visual identity.

For the 2026 season, the team kit carries forward the electric lime accents first seen in the #ShineForSafety jersey — a color chosen for its high visibility and unmistakable energy. The design helps riders stand out in every environment, from the chaos of the peloton to open road training.

While the race jersey integrates key elements of electric lime into the iconic team aesthetic, the outerwear products embrace the color fully. Jackets, gilets, and warm-up pieces are rendered entirely in electric lime, ensuring maximum visibility and a bold, modern identity that extends beyond race day.

The new design direction embodies the team’s commitment to speed, safety, and standout performance.
