DEVELOPED AND TESTED WITH THE PROS

Castelli is dedicated to making the fastest clothing in the world. We know that race results come through relentless attention to the smallest of details. So we approach every garment questioning how we can make it faster.

We do the basic research, then we test the concepts internally, then we test them with professional athletes and in the wind tunnel.

Right from the start of our triathlon activities we partnered with professional athletes. Together with them we are continuously improving and innovating our triathlon range to make sure that our athletes have the best and fastest equipment for their races.

AVAILABLE FOR YOUR TEAM

With Castelli Servizio Corse you can have the exact same pieces as the professional athletes. Not less-expensive replicas, but the exact same pieces made using the same fabrics, and components, with the same fit and finish, by the same people who produce the pieces you see on the pros racing around the world.

TRIATHLON DISCIPLINES

WHAT IT IS /PRODUCT FEATURES

Optimized for speed. Built for comfort. Made to break your PR.

- Pushing the limits: Our fastest, most comfortable race suit yet
- We took our top-level, race-winning suit and made it even better. More aerodynamic, more comfortable, and more race-ready.
- CFD-driven design: Optimized fabric placement and seam construction using advanced CFD (computational fluid dynamics) analysis for maximum aerodynamic performance
- Engineered ribbed sleeves: Specialized ribbed fabric on the sleeves reduces drag at race speeds, delivering significant savings in CdA
- Internal neck ice pocket: Strategically placed pocket to hold ice to help regulate body temperature in extreme heat
- GPS pocket: Discreetly placed on the neck for pro-level GPS tracking without affecting aerodynamics
- Ultralight upper body: 50-denier fabric — the thinnest, smoothest we've ever used, for unmatched lightness and aerodynamic efficiency
- Active cooling: Designed to keep you cool during the run, with fabric that enables moisture to evaporate directly next to the skin
- Integrated rear pocket: Covered storage for gels or energy bars, with easy access and zero drag
- KISS Tri pad: Designed for comfort and performance across all triathlon disciplines

**ENGINEERED FOR YOUR FASTEST RACE YET**

When every second counts, the PR 3 Speed Suit is built to help you leave limits behind. Designed for athletes who aim to beat their personal best, this is our fastest, most comfortable race suit ever — where innovation meets performance at every seam.

Developed using advanced CFD, every fabric panel and seam placement has been optimized for maximum aerodynamic efficiency. Engineered ribbed sleeves actively reduce drag at race speeds, delivering measurable gains in CdA to give you the edge when it matters most.

Racing in extreme heat? The internal neck ice pocket is strategically positioned to put ice and help regulate core temperature, while the GPS pocket ensures seamless integration of tracking devices without disrupting airflow. Up top, the ultra-light 50-denier fabric - our thinnest and smoothest to date - provides unmatched comfort and speed.

Stay cool and dry through every stage, designed to evaporate moisture right next to the skin during high-intensity efforts. A covered rear pocket offers secure, drag-free storage for nutrition, keeping your fueling streamlined.

The KISS Tri pad delivers all-day comfort and performance across swim, bike, and run so you can stay focused on the finish line, not your gear.

TRIATHLON DISCIPLINES

WHAT IT IS /PRODUCT FEATURES

Not just an update. Revolutionizing our iconic Free Sanremo Suit.

- A true evolution of our best-selling suit
- CFD-based fabric placement and seam construction
- Engineered ribbed fabric on sleeves and shoulders to reduce drag at race speeds, with significant savings in CdA
- Internal neck pocket for ice to keep body temperature down in hottest conditions
- Bonded sleeve endings for comfort
- Lightweight body fabric for optimal cooling, breathability, and comfort
- 2 rear pockets lie flat and prevent nutrition from bouncing around
- Castelli's Sanremo front opening makes it easier to bend for cycling and straighten out for the run and swim, while also allowing for easier nature breaks or opening up for extra-hot runs
- Leg portion in aero-optimized Forza2 Stretch fabric for maximum comfort and aerodynamic advantage
- Silicone leg grippers to keep the leg endings in place
- KISS Tri seat pad that provides comfort on the bike and that you almost don't feel during the run

A TRUE EVOLUTION OF OUR BEST-SELLING SUIT

Not just an update. Revolutionizing our iconic Free Sanremo Suit. When we introduced the first short-sleeve triathlon suit with a full zip for summer 2014, Castelli was a pioneer in the sport, changing the way triathletes dress and race. These days, hardly anyone races with anything other than a short-sleeve suit. Over the last decade, our iconic Sanremo has seen numerous modifications in fit, performance, and speed. We dare say that the latest version will once again set standards. In a sport where aerodynamics is key and every detail is optimized, you don't want to leave anything to chance on race day.

The magic of the Free Sanremo 3 unfolds with the complete redesign of the sleeve and shoulder area. Hours of CFD analysis and testing in the wind tunnel revealed groundbreaking aero improvements specifically due to the engineered ribbed fabric on the sleeves and shoulders. The Forza2 Stretch fabric features a sophisticated debossed structure that has a positive impact on the airflow around the legs.

But we don't stop at aerodynamics. The new suit also supports you on the hottest of race days. Lightweight and breathable fabrics on the main body and an integrated ice pocket on the neck for ice cubes come in handy when you're facing Ali'l Drive in October, or any other race in the heat.

Sanremo means the suit opens completely in the front for added ventilation on the run and easier nature breaks. The two back pockets hold plenty of nutrition. The Free Sanremo is like riding on a wave of success.

| XXS-3XL | 87 g (M) |    |

WHAT IT IS /PRODUCT FEATURES

Traditional sleeveless triathlon top for training and racing.

- Freedom of movement and comfort in a traditional sleeveless top
- CFD-based fabric placement and seam construction
- Lightweight body fabric for optimal cooling, breathability, and comfort
- 2 rear pockets lie flat and prevent nutrition from bouncing around
- YKK® Camlock® zipper
- GIRO3 flat gripper elastic lies flat on lower back
- SnapLock fastener at lower back to clip to shorts, to prevent riding up during swim or bike leg

TRADITIONAL SLEEVELESS TRIATHLON TOP FOR TRAINING AND RACING.

There are still situations in which a traditional sleeveless top can make a lot of sense. It can be more comfortable on the run and feel cooler with better freedom of movement. Most runners compete in (sleeveless) singlets for a reason.

The top has two generous pockets for whatever you need to carry. It has SnapLock fasteners that clip onto Castelli shorts to prevent the top from riding up during the swim and to keep coverage of the lower back on the bike — then you unclip for added comfort during the run. The YKK® zipper makes adjusting the ventilation easier than ever.

Coming back to the run (and swim), we've taken extra care around the arm-hole to make it lie flat for speed yet remain soft to prevent chafing.

ROSSO CORSA

FREE TRI 3 SHORT

4300688

| SIZES | WEIGHT | KISS ^{TRI} |
|----------------|------------------|---------------------|
| XXS-3XL | 129 g (M) | |

TRIATHLON DISCIPLINES

WHAT IT IS /PRODUCT FEATURES

A tri race short that's so comfortable you'll train in it. Clips to the Castelli Free race top for all the advantages of a one-piece suit.

- Aero-optimized Forza2 Stretch fabric for maximum comfort
- Updated Free construction for great anatomic fit and all-around graphic options
- KISS Tri seat pad is comfortable on the bike and virtually disappears on the run
- SnapLock fastener at waist to clip jersey into place for swim and bike
- Flat-lock stitching
- Raw cut leg endings with integrated Silicone leg grippers for more comfort

THE ULTIMATE TRAINING AND RACING SHORT

The new Free Tri 3 Short is made from lightweight, breathable fabrics for optimal performance. It features comfortable raw cut leg endings and excellent printing options for custom designs. Designed for endurance, it provides flexibility and support throughout the race.

The SnapLock closure clips to your Castelli top to keep it from riding up. On the run, the short basically disappears. The KISS Tri seat pad is thin enough you don't really notice it. This short is so comfortable you'll be using it for training rides as well as racing.

TRIATHLON DISCIPLINES

WHAT IT IS / PRODUCT FEATURES

Top short-sleeve suit for your first triathlon experience or budget-minded athletes.

- Top short-sleeve suit for your first triathlon experience or budget-minded athletes
- Elbow-length sleeves with raw-cut edges for maximum comfort and aerodynamics
- 3/4-length YKK® front zip
- 2 rear pockets lie flat in the swim but allow generous room for nutrition
- GIRO4 flat leg grippers on longer legs for maximum aerodynamics
- KISS Tri seat pad that provides comfort on the bike and that you almost don't feel during the run

TOP SHORT-SLEEVE SUIT FOR YOUR FIRST TRIATHLON EXPERIENCE OR BUDGET-MINDED ATHLETES.

A suit that has everything you need on race day, in a more economical package.

Just like for our top models, we also use a short-sleeve construction, because newcomers or budget-conscious athletes do not want to miss out on aerodynamic advantages and a professional look. We have directly adopted the construction of the two back pockets and the KISS Tri seat pad from our top-of-the line models.

With excellent stretch and a forgiving fit, the Core suit is your go-to solution for training and racing at all distances.

HOW IT WORKS

01. CONTACT

To request information, please contact Castelli Servizio Corse by e-mail: please contact the Castelli Office in your country (www.castelli-cycling.com), or send your request to Castelli Servizio Corse, castelli.team@mvc46.eu or visit us at www.castelli-cycling.com

To request a quote, download and fill out the order form from serviziocorse.com with the styles we offer. Indicate quantities needed per style and submit via e-mail. Size breakdowns are helpful, but unnecessary for a quote. You will receive the requested quote shortly.

04. FINAL ORDER SUBMISSION

Submit your final order and you will be provided with a PDF copy to approve. This is your last opportunity to make revisions or correct errors.

02. DESIGN

Completed designs prepared on Castelli templates need to be submitted with your quote request. For every logo not supplied in vector-graphic format, a small fee will be incurred. Vector formats include: .ai, .eps, and .pdf (open).
After submitting your design and quote, you will receive shortly an electronic art file of your final design. A full-size color proof printed on fabric can be ordered for an additional fee.

05. PRODUCTION

Once approvals for art, color and units, and deposit money have been received production will begin. No additional changes can be made at this time. Completion time is 8 weeks from the day approvals are received.

03. CONTACT

We will put you in contact with our representatives in your area so that you can see samples of all the pieces and check sizes, fit, and materials.

PAD

KISS^{TRI}

Multi-density KISS TRI-pad foam is optimized for aerobar position on the bike, and practically disappears during the swim and run.

01. SEAMLESS SKIN CARE LAYER

A super soft, brushed microfiber top that maximizes comfort and fit. Seamlessly engineered to eliminate chafing and abrasion. Flexible to move with you. Bacteriostatic treatment to avoid saddle sores and infection.

02. MULTI DENSITY FOAM

Specifically designed for the triathlete. Minimum bulk doesn't get in the way during the swim and run legs. Extra fast drying foam prevents chafing on the bike.
